Wow. Just wow. Amazing. One of the best Super Editions I have ever read. I thought the book was great! I loved when Bluestar had to struggle with the decision of friends, kits, love, and littermates over loyalty, and a prophecy. Most of us would agree Goosefeather was insane in this book, yet if you read HIS Super Edition you would know why. (No, I will not tell you). Anyways, if you have read other books in the series in the time period when Fireheart is basically contradicting every order of Bluestar's, Yellowfang and Cinderpelt where medicine cats, and the main point was directed at Fireheart, you know Bluestar was also going insane. This Super Edition fills in SO MANY gaps! It explains Bluestar had to sacrifice her: mate, friends, littermate, and most sadly of all; kits, to become leader so Thistleclaw didn't "drown the clan in blood". She had the "long term" effects of this on her in her last moons when she went insane. The only thing I thought was not so great about this (which bumped it down to a 4 star rating), was it was to sad. Many cats die, including Bluestar's mother and sister. And, the attack on Windclan was SO UNNECESSARY!!!! Most of Thunderclan SHOULD HAVE KNOWN that Goosefeather had gone INSANE! Why listen to him? And why was Goosefeather's apprentice not saying; false alarm, my mentor needs some sleep! So many deaths happened because of that. The other most sad part was when Bluestar gave her kits up to Riverclan, man, Oakheart must think Bluestar had gone INSANE. Especially when they played the game to escape safely, it made me so sad that the kits didn't know what was REALLY going on. I cried so much it was not even funny. I think Erin really over exaggerated the fact that the kits leaving is sad, it is sad enough already. No need to put extra drama with leafbare and the kits freezing, and Oakheart's sad, disbelieving feeling into it. Otherwise though, a perfect book that filled in gaps on Bluestar, and an entertaining read. A good book for readers curious for more information about Bluestar.

I did love this book! There we're the ups and downs of course, but all in all it was a great

book.(WARNING:SPOILERS - WARNING:SPOILERS - WARNING:SPOILERS)First of all, I was thoroughly satisfied. Seeing Bluestar grow up and have her tragic relationship with Oakheart made me feel more compassionate about her. I loved how descriptive it was, I could almost feel Bluestar's grief. It was, though, very sad when Thrushpelt died, and I was disappointed when there was no explanation on how he died. At times it was rushed, and didn't make sense, like why Pinestar decided to live with the kittypets. There was no explanation behind his choice, and I think that it was also strange that Pinestar chose Lionpaw to keep his secret safe, instead of a warrior. (Like Bluefur, or Leopardfoot, for example.) It might have lead up to something if there was some kind of explanation behind it, say Pinestar fell in love with a kittypet and happened to be Firestar/Rusty's father. And now there is Tigerclaw - Bluefur knew all the time that Thistleclaw was a dangerous warrior and that he mentored Tigerclaw to be vicious, and Bluestar didn't want Thistleclaw to become deputy. So then why would she, later in the book, trust Tigerclaw so much even though she saw his ambition and hunger for battle? It didn't make too much sense. And I was also disappointed when the book stopped so abruptly! I was excited to see Bluestar meet Firestar for the first time, but that didn't happen. I also think a better plot would be, not that Graypaw/stripe spied on Firestar(Rusty at the time), but stumbled upon him on accident.Anyway, I really loved this book!

Warriors Super Edition: Bluestar's ProphecyHas anyone lost a pet? I mean where your pet disappears? What if your cat were to join a clan of cats and become a warrior? Bluestar's Prophecy tells the story of Bluestar, a grey-blue cat that grows up to be one of the most powerful warriors in ThunderClan. This the story of how she learns to hunt prey, lead a group of hunters, and help their clan fight their arch-enemy, RiverClan.Bluestar, from the first moment she is born, is independent, determined and intelligent. Part of the mighty ThunderClan, growing up is difficult for her. She can be outspoken and headstrong, not making too many friends. After her mother dies suddenly, Bluestar must become a warrior at a very young age.However, a prophecy tells of her rise to power and her destruction. "Like fire, you will blaze through the forest. But beware, even the most powerful flames can be quenched by water." (Hunter, 209). The clan medicine cat tells Bluestar (or Bluefur, her warrior name) that she will be destroyed by water. Since all of ThunderClan cats are afraid to go near the water, she ignores the prophecy and does become a useful hunter, warrior and leader of her clan.Bluestar is a stubborn, strong, persistent and independent leader of her clan that doesn't always follow the rules. Read on to see if the prophecy comes true!Bluestar's Prophecy is written by Erin Hunter and is part of series of books about four clans of cats, also in graphic novel format.
