Customer Reviews

Gwen Ellis has been writing and editing all kinds of books for many years. Her Read and Share Bible and its ancillary products have sold more than 1.3 million units. Gwen is fierce in her endeavor to communicate the Word of God to kids, and she is the proud mother of two adult children and two wonderful grandchildren.

We just started using this bible with our 2 year old. We only pick and choose several stories to read to our 2 year old over and over again in the morning, as some stories are harder for a 2 year old to comprehend. We like it because it feels like a "real" bible for kids, as it contains so many stories

organized in the same way as a real bible.Note that each story is quite abridged. And because we're reading to a 2 year old, we don't read word for word...we have to modify and simplify the wordings a little so it's easy for her to understand. As we repeat the stories over and over again, she gets it.[...]Overall, we feel that all the picture bibles include quite a bit of interpretation from the author. I guess there's no way around it when you have to draw a picture to describe a story (e.g. they may include a dog in a scene that isn't described in the Bible...etc. Sometimes my 2 year old focuses on the DOG or any other children/animal drawn on the page more than the story being told). Just beware of this and try to hit home the true message when you're reading to your children!

We gave our daughter this Bible a year ago when she was just 13 months old. It's her very favorite book - she carries it everywhere (including to bed) and has worn the covers and spine off. We purchased a second copy to hold in reserve for when it just complete falls apart. Abigail can name nearly every character on sight and has many favorite stories. We appreciate the simple, straightforward rendering of many more unusual stories for a children's Bible, including Elijah's confrontation with the prophets of baal. The illustrations are beautiful and humorous and the stories are short enough to be able to read quite a few while holding even a very young child's attention.We also purchased the DVD short cartoons that were based on this Bible and both our daughters very much enjoy them as well. Definitely a valuable and much-loved addition to our library all round.

My 4 month old loves story time & he loves God! So we got this bible story book & we read it to him w/ puppets. A perfect bible story book for the precious lil ones:) I highly recommend this book to everyone

I always borrowed this Bible from the library over and over. I wished I had it as my own. My daughter has loved this Bible since she was 1.5 years old. She learns a lot from this Bible. She can say God, Jesus, Joseph and so on..... She can pray and say Amen after she read this Bible. This is the only Bible grabs her attention. This Bible contains Old and New Testaments (about 208 short stories). Each story has a Scripture reference to make it easy for us to read more about the story from the Bible. This Bible not only contains well-known Bible stories, but also some rare stories that appear in the Bible. This is the best children Bible that I have ever seen. After I saw this bible sell $4.0 total including shipping at .com. I bought it without hesitation. I want to say thanks to the Lord and the seller that we can purchase this excellent Bible at good price. I highly recommend to buy this Bible from this seller. Book condition is just like new!

Loved this book for our class of 4 year olds.

Some of the stories are a bit too short for a 4 year old, so we sometimes do a few a day. Aside from that, this is a GREAT starter bible.

Great illustrations and easy to understand stories for young ones. Love the discussion questions at the bottom of each page. A great way to get your child talking about the stories in the Bible. My 2 year old loves looking for Jesus in the pictures. Would also be a good gift Bible for new Christian families...or anyone for that matter.

In love with the DVD of this and the book is the perfect complement! Short bible stories, great for quick bedtime reads with wonderful though-provoking questions throughout to ask your children as you read. Must have for young kids!
