Customer Reviews

Great because I was in high school in the middle fifties so I really enjoy it.

A great book to color.

The drawings are very poor and amateurish, I was extremely disappointed! They do not show enough of the drawings to show quality before you order and therefore I bought something very inferior in quality! Sorry but it’s the truth.

Drawings are terrible. Paper is cheap. Just like the one for the fourties, very disappointed.

The features of the people are very overdrawn.

Not the best book I’ve purchased. Love the 50’s theme but the people look like they walked out of a nightmare. Good thing I do this to just pass time and don’t take it seriously. Will not be purchasing

from this company again.

The pictures were just ok.

Fabulous coloring book! So much reminded me of growing up in the 50's. Love this book!
