So, I missed the "breakup" part, when I ordered it. However, even being a happily married woman, I love this book. So many great phrases. Anyone that’s ever been though a breakup will relate. Absolutely recommend this one for anyone with a sense of humor!

Haha. I was married for 17 years before becoming single at age 40. Dating has changed a lot since I was 21 and online dating is in a special category of its own. I use this coloring book to keep me sane as I navigate dating in the 21st century. Fun!

Every single page in this book cracks me up! I am happily married and am able to get a good laugh out of it, as does my husband. This would be great for someone to buy their best girlfriend for a pick-me-up. Definitely worth many laughs!!!!!!

Did anyone else's book have a "62 pt" in the middle of their "You'll never be the man your mother is" page? Please see the photo attached.

I love it, but I just wanted to see more like the "prick" page where the word is incorporated into the illustration. Still very cute!!

I love love love this book after being butt hut by some one it's the perfect way to release your anger and not go to their house and break a window

Bought this as a valentines gift for my recently divorced sister. She LOVES it. She framed one page and the other she colored and mailed to the ex.

Bought this for a friend that's going through a break up. She loved it! It was a funny gift. Beware that some pages are kinda weird and dark.
