Customer Reviews

This cookbook has no real format. Not at all easy to look up and find recipes. Needs re-organization and a good editor and proofreader. Recipes seem okay, but I got tired of trying to find what I wanted

to make.

A lot of good recipes, that sound delicious. Although, a large number are recipe variations of various crumb cake and quishe recipes.

Nice book, good, quick recipes!

Very similar to the small books I used to purchase in the grocery store using biscuit. They are fast to put together and taste good. Great for something reasonable priced and great tasting.

not what I was looking for

Thanks....Great book

just glanced at it
