Synopsis

The Gathering continues on from where The Awakening left off. Teenagers across the Earth are joining Teens for Truth as they plan their reconciliation with Nature and continue to question things like why do adults allow toxic waste to be added to our drinking water.Ã Â They think its crazy that our laws treat corporations as if they were persons and ignore Nature as if it was nothing to be concerned about.Ã Â The fictional teens continue to awaken readers to the fact that our world is kind of upside down, in their own simple and effective way. Ã Â The characters we know and love from The Awakening continue to entertain us and their relationships continue to develop.Ã Â Just as there are forces of light 'gathering' in support of the teens, so too the forces of darkness such as corrupt politician Doug Toovey and his henchman Felton Ross, are doing their best to stop them. Ã Â Ã Â Check out what has been described as 'a highly entertaining follow up to The Awakening,' and, Ã¢â ¬Ëœa catalyst towards the progressive change that we all want to see in the world.Ã¢â ¬â„¢Ã Â
