Customer Reviews

We used this map for a trip in September 2010. It covers exactly the areas we were traveling to (we skipped Lorraine) and has incredible detail, showing obscure roads that maps covering larger areas don’t show. We also had the Alsace Lorraine map from this series, but never used it. If you are traveling both Alsace and Lorraine, I would still recommend this map for Alsace for its easier manageability and greater detail. It also has better detail for the Basel area of Switzerland than the Switzerland map. And don’t forget theÃ Â Pudlo Alsace 2008-2009!
