When my kids were little they loved the Little Critter books, enjoying the story along with the amazing pictures! Now my grandkids love the Little Critter books, carrying them around with them and having them read several times a day. I've enjoyed getting the books for them. My Trip to the Hospital book, I've purchased because one of my grandsons is going to the hospital for minor surgery. I hope the little book will give him something to identify with, and help him to relax. These books have been so much fun for my family! Thank you Mercer Mayer!

It is a cute book. Yes it is not medically accurate but it is a kids book. My granddaughter who broke her leg made me read it so many times I think I have it memorized!

ok

I purchased this book for my 3 year old granddaughter who was going to the hospital for surgery. My daughter said she really enjoyed the book.

Mercer Mayer books are wonderful and this one is no exception. Colorful pictures, nice pages, great story, short sweet and to the point. Easy for short attention spans in young children.

I purchased this along with the "Zoe the Zebra" from the get well friends for my 2 year old sons friend who broke his foot. He loved them both! So perfect!

My grand daughter is 4. She loves little critter books and has many. She enjoyed this one as well.

I bought this for my son when he had his tonsils out. He liked reading about the hospital. It's. Cute book.
