Basically everything that Annie's not. Curvy girls like Annie don't date handsome jocks like Braydon. And falling for a guy like him is certainly not on her college to-do list. Because Annie has vowed to never fall in love again.Being alone is safer for her fragile heart, and those walls surrounding it might be tough to break, but Brayden isn't giving up without a fight. Keeping him in the friend-zone won't be easy and Annie's resolve weakens each time they meet. Brayden brings out a side of Annie that she never knew existed...a girl she hardly recognizes--one that is beautiful and self-assured. If only Annie could see herself through his eyes.Can one heart-melting kiss win her heart? And will it change both their lives forever?

Customer Reviews

OMG, I absolutely loved this book. Brayden is such a truly sweet guy and has made it a point to support Anna with her feelings of poor self worth. He makes sure to tell her how beautiful she is and always stands up to someone that has negative things to say. He doesn’t lie and tells it like he see’s it. How could you not fall in love with a guy like that?Anna is truly a sweetheart. She looks for the good in people and tries to be nice to everyone, overlooking their faults. But her senior year in high school, a boy she crushed on forever, pulled a nasty prank on her. He made her think he liked her. When he asked her out in front of everyone and she accepted, they attacked her verbally about her weight and being ugly. She struggled to get over how this affected her for a very long time.Brayden, his family, Ro and the Starbucks crew all played a part in helping Anna realize her self worth. They helped to fix the negative view she had and showed her how they truly saw her. This book could certainly help others see it’s possible to overcome poor self esteem issues and find their happily ever after.ARC provided for honest review

I received this book from The Kindle Scout Team for an honest review. The first couple chapters had me thinking it was a book for teens, but I got hooked. Primarily written in the first person, it takes you through trials and tribulations of a teen to a woman. She has been bullied in high school by the "popular kids " and comments about her weight from family members has body shamed her into a very low self esteem. With the help of a gooky best friend and a young man who truly cares for her, she takes us on her journey. Excelllent book, truly couldn’t put it down.

In this one you will be pulled many ways emotionally. High school tuff enough for most but add bulling to that and your self worth could be none. Anna is a sweetie but she is the one that has it not so easy and sometimes down right ugly. Then there is Brayden whom has a heart for real even if he is young. Watch it he doesn’t steal yours. Him and a few others will aid her with us the readers being there for it all. I was really surprised at caliber of this with it not really letting on that it is all that inside. By the time I finish with this I was glad I did.

I really liked this book. It was an easy read. Anna had issues but Brayden helped her to work through them all.There was real good chemistry between Anna and Brayden. I like to read about characters that I feel like I know. I could relate to Anna being bullied in school and loved how

Brayden helped her with her self esteem.Would definitely read more Amelia Whitmore books.

Anna has always felt like an outcast, the ugly duckling everywhere, including in her own family. When her mother volunteers her to work at an annual festival she meets Brayden. Brayden is a knockout a few years older than her and when he asks for her phone number she thinks it is a joke. She refuses to give her number so her best friend Aurora gives it to him. After getting to know Brayden and his family she finds the acceptance that she has never experienced. Unfortunately, her insecurities keep surfacing no matter how hard Brayden tries to help her. Can Anna work through her issues before she losses him? A sweet story

I wasn’t sure about this story to begin with, it was kinda slow to start, but once it picked up, I couldn’t put it down. Brayden is a great guy, very real and sweet, just who Anna needed. Anna started out being a bit annoying, but you come to understand why she is this way, and you find her appealing and endearing. Great story all around.

This was a very sweet book about a insecure girl finding the perfect guy for her.Brayden was adorable. He was just was Anna needed in a man.I loved how she finally stood up to Sam. That was a horrible thing he did and I can’t believe he thought he could just say sorry a year later.I have to say I wasn’t a fan of her family. I figured out what was going on before Brayden did. Although her parents did redeem themselves towards the end.

I enjoyed this book very much. Anna is the one with the low self esteem but with good reason to to a past event.Bryden is the perfect guy for her to help her work her way through everything. This book is realistic and Anna’s character is one many could identify with. If you couldn’t then you have never been there.Even Anna’s family is guilty of saying hurtful things that linger with a person for a long time.I don’t give away plots but I can definitely say that I would recommend this book.
