Synopsis

Morax is a Tellox, built for the sole purpose of battle and the hunt. An assassin during the great wars, he has lived most of his life in the shadows. Even among his own kind he is feared. Creeg made a place for him among his chosen men and, along with a handful of others, they have formed the only family Morax has known. Now a blood mate has been found among the humans of Earth, and that family is threatened.To save Creeg and his newly found Earth mate Sara, they are on the run from their own people, an insane King, and a death sentence. They fight for survival, they fight for each other, and now they will fight to save Sara's family still on Earth.Sara was the first blood mate to be found since their own females were wiped from existence. She won't be the last.An alien invasion is of Earth is eminent. This is book 2 of the Tellox and while each book will feature romance between different characters, the overall story is best read in series order.

Customer Reviews

We've been told for years that humans only use 10% of their brain. Not these girls. I love it. Also appreciate that the book wasn't one giant sex scene from cover to cover. Am really looking forward

to Ariel’s story.These books are best read in order, I think.Please make them longer. Thank you, Kelly, for such a good story.

Book 2 is not as tumultuous as book one. Megan has her own gifts and Morax is the reluctant one. he doesn’t think he is good enough for her and of course she doesn’t agree.

I always hate waiting for the next book ! Why does it take so long when the stories get goodÃƒÂ¢Ã ËœÃ Âº. And this is a great story if you are into syfi....

Sometimes the quiet unassuming one stands up and takes what she wants. I was cheering for Morgan when she cut herself. Yea go get your Tellox!

I have yet to read one of Kelly Lucille’s books that I haven’t loved. This is a great new series! Please write them faster.

Loved this continuation. It kept true to the series but gave us a totally different take on the situation.

I liked this story, I will have to go back and read the first one, sorry I have to wait for the next

This is a well-thought-out series that will sweep you into the story I can’t wait for the next story 2018
