## Synopsis

Now you can master Web page design as you learn from the unique, hands-on approach found in NEW PERSPECTIVES HTML5 AND CSS3: COMPREHENSIVE, 7E. Each tutorial in this complete book challenges you to put into practice the concepts you have just learned. Every tutorial includes a basic statement of the problem, the goals you should achieve, and a helpful demonstration of how to complete the task to create a fully functional website. You do not need any prior experience with HTML or CSS or any specialized software other than a basic editor and Web browser. With the book's user-friendly approach, you develop important problem-solving skills as you retain the key concepts and apply what you've learned in a professional environment. Successfully completing this book's tutorial cases and case problems acts a springboard in helping you develop your own professional portfolio to showcase your abilities in website design.

## Customer Reviews

Patrick Carey received his M.S. in Biostatistics from the University of Wisconsin, where he worked as a researcher designing and analyzing clinical studies. He co-authored his first textbook on using Excel as a statistical tool. Patrick has authored or co-authored over 20 academic and trade texts for the software industry.

A fine manual, but no course material!!!!

This is a fine, well-organized textbook. I have used this author before and find the lessons enjoyable. In my case, I am relearning HTML at home and am not a student. Therefore, I had to contact the publisher (Cengage) in order to get the necessary data files to do the lessons and exercises. If you are a beginner, I would suggest that you get an Introductory textbook from Mr. Carey before doing the Comprehensive. Be sure to get something that is up to date.

Seriously, this textbook was AMAZING. Very clear, thorough, and easy to read. Lots of helpful appendixes. My professor provided the files to us for the various tutorials and activities (not sure how I would have got them otherwise) and everything was very easy to understand and work through. This is the only textbook I've ever considered purchasing for personal reference use. LOVE IT.

Large and very comprehensive - but an excellent textbook as all of the New Perspectives' are....
