Customer Reviews

Great stories overall. Got to explore the different side of taboo when it's not always consensual which was very fascinating to me. I gave it a 4 star rating because I really loved it. And this is definitely a book I would recommend to my fellow reader friends.

What a great bundle of dubcon stories. I love them all. This is one of my favorite erotica writer.

I give up! Erotica should be just that--erotic and actually written well. I've read good erotica. Sexy smut that pulls you into a world of naughty thoughts and fantasies. I wish this author would consent to a writing class.

didn't read it

The author is a mostly literate man not even pretending hard to be a woman. Not at all erotic. Not faintly plausible. Ugly, undeveloped characters. Absolutely no imagination. Only thing going for it is a few fake reviews.

This book is a collection of Cerise's shorts. I really like this because we get to have so many of her stories in one place. It makes it easier to keep turning the pages to get so reallllllllly good mental images. If you like quick erotic books - you will like her stories.If you like taboo books - you will enjoy her stories.If you like well thought out characters - you will really like her stories.If you like all the above - you need to sign up for her email list so that you don't miss a single one!Cerise is HOT and is pounding away at her computer daily to bring us some enjoyable stories.

Well definitely what I wanted. If you like more for your money than this book is for you. If you like it rough and dirty then you have hit the Jackpot.

Quite a few dirty little shorts. All were a bit taboo and not hea but still satisfying in their own way.
