The young royals grew on me just as their parents did. Although some of this was predictable it was still a good story. I hope we get more of all of the families in the future just to see what’s going on with everyone. I’ll be patiently waiting for another great love story with a little bit of gangsta’ and a

whole lot of love for family.

These books were the bomb the loyalty n respect n love they grew to have for one another is the true meaning of friendship n most important brotherhood n they kept there circle small which is important in this day n times.much respect n love to the author true classic.

This was a great series i hated for it to end i love thoses families and they wk so good together!! I wish it could be one more part lol

Although there were some minor editing issues, I loved this finale, yet sad that it ended. I feel like the kids lives are just getting started and wouldn't mind seeing what obstacles they face in the future. Will their business run good now that half the team separated or will it just make it more lucrative? Will the fathers ever pass on those torches? How will the girls adjust to getting with men of their calibre. I was happy as hell when all the dads got together, all the mother's meeting would've topped that though lol. I loved how all the relationships blossomed, with the growth of all the characters. Just a great book overall with a nice flow and good development. Kept you entertained with some funny moments and others that made you go 'aww'. Enjoyed the series but the finale was the best book for me. Good one kc.

I hated to see this series come to an end. These three couple's had their fare share of drama and setbacks throughout this series but the bond they've formed could not be broken. Cole and Hayven was the couple with the least drama. However Hayven found out the truth about what Cole had done. Azz and Mj finally got over the embarrassment of Azz past. Sonna and Mekkah was faced with the consequences of Mekkah trying to protect her. Kay and Ky was dealing with a unexpected visitor. Although the guy's had a handle on their relationships. It was their extracurricular activities that they almost lost control of.

This gave me everything I wanted and then some! They parents wasn't here to play with them! Ky wasn't here for the bs at all lol! And she let Kay know! Yassss Come though! I love how the guys shut ish down! They let other women know they wasn't here for it at all! Cole is still my BAE all day! I loved Kay's growth and maturity through out the series. I loved how MJ was able to change Azz for the better. Mekkah protected Somma from her dad but encouraged her to talk to her mom still. I love how she kept to the fact that they were still young enjoying life! I'm going to miss these guys

of course the book was amazing! I'm def going to miss the gang. I'm so glad that all the couple's stayed together until the end. I loved how all the fathers got together to protect the boys. I would love to read a spin off about the gang to see where they are at in life years later after the girls graduate college. Great job kc and on to the next!

Yes KC you always deliver.. I've read every copy southern kings with the Masters Karsons Grants Now their kids the boys Cole Masters , MJ and Mekkia , Kayson are grown and got their own lives following their father's footsteps into the game. They also their ladies with them and setting down . I hope I get to read when Cole Masters get married to Hayven first and the rest of them follow. I love Yetti with his bad & sexy self and the love he still has for reelle all these years . I would love to see him becoming a grandfather lol
