Customer Reviews

I love this book couldn’t put it down until I finished reading it,I have ’re-read this book 4 time you are a great author can’t wait for some more of your books.

The best book I read in a long time. I hope they come out with a part 2. Because I need to see them as daddy Crazy is not the word

This book made me laugh and cry it was easy to fall in love with the characters my favorite couple of top was Kylee and karlos an the entire group was great Love it!!!! I will

Loved this book. The storyline was easy to follow and well thought out. Loved how each men made sure their women were taken care of

This book was great and it kept me on the edge of my seat... If you haven’t read this book then get to it!!

Great book. Waiting on part 2...

This book had the potential to be so great. I loved the characters and the drama they went through. It was realistic and not the perfect love story. It showed that we all have problems, flaws, & make mistakes. How we bounce back and come back will determine who we are. I think it reminds me of a book "who wants that perfect love story anyway." Love is a journey we take chances on. I loved all the couples. Now Karlos psycho self was bae. I just loved that Kylee made him work hard and didn’t forgive easily. Those Royal boys were a force to be reckoned with. I just wished we had more of each one of them to be complete. The drama was there but not all over. It could have been a bit more added. It was like they were high but had problems taken care of people. I mean they find out everything but how you miss the obvious. Now the cons of the book. Errors and sentence structure killed the book. Almost every sentence I read had an error. I don’t know if it’s the authors or editors of Miss Candice presents. I can say that I’ve read numerous books by the publisher and they have

the same problem. I beg you to please edit and more stars will come. Also, I know there is love at first sight but come on now. They were either in love & sex quickly or sex fast & saying I love you. I love romance like all people but give them time to get to know each other. Sex I know sometimes happen quickly but love after a week (ijs). Good potential but need a little work.

This storyline kept my attention. The characters were well developed with enough information on them to understand their role in the story. This book will have you laughing out loud. I love how the author had me feeling like I knew the characters especially Karlos. This is a story about love, trust, cheating, and family. What a great read. This is my first book from this author but not my last. Loved it!
