## Customer Reviews

Informative, to the point and never, but never misguides the traveler.

Good tips, updated and complete.

Well set out with numerous options for each of the many areas one can visit. At the end of each subsection the book suggests a walk which incorporates these sites with restaurants on the way.

I've been to Hong Kong before, but it's been a few years. This helped update me and filled in some gaps in terms of what to see and where to go that made my vacation terrific.

We bought this because it was a resent publication date. However, it did not prove as useful as hoped. Possibly it targets a younger readership.

Excellent book, very informative, and updated

One of the place I would like to visit is Shenzhen when in HK. In this day and age, an HK guide doesn'teven mention it just isn't complete.
