Customer Reviews

The product was also complete like I expected.There could have been a "metropolitana" and "suburbana" maps, but I think the publisher did not need to add it in this book. However, it is not problem. The book was excellent.Thanks.

my kid who is abroad uses this all the time!

My daughter took this to Milan. She read it on the airplane and said it had a lot of useful information.

A very good guidebook from a good series.There is a lot of info on Milan surroundings; if you interested in them - this is your book. If you only stay in Milan, you may consider a more focused guide.

Several years ago, just before a trip to Barcelona, I purchased the Top Ten Barcelona book from the same publisher. It worked out so well that I wouldn't travel to any major city without one. It's light, easy to carry, and comprehensive. Plus, it's durable and compact. Perfect for your backpack or coat pocket. This product is highly recommended.

Great series of books. Small enough to carry and perfect for our trip.

Such a big help in planning.

I always use the Eyewitness books, and this Top 10 book is a perfect size and scope for a 3 or 4 day trip to Milan!
