This is the book you have to read if you have no idea about the difference between Shia and Sunni Muslims. Read it and judge yourself. Also it is written in a story like way, or like a biography which makes it easy to understand and follow for everyone, including kids.

Actually a good book, which is a very good introduction to investigate the Shia / Sunni conflict. The good think is that it is in the Shia favor, but only through Sunni narration.

Great book and a must read for those who wish to understand the Shia faith from a person who was deep into the Sunni faith. Both sects are Muslim but this book is truly an eye opener.

The book "Then I was Guided" itself is a WONDERFUL book which has guided many people to the school of the Prophet’s family (Shia Islam). However, this particular version is not good - IT IS NOT THE ORIGINAL PUBLISHED COPY OF THE BOOK. INSTEAD, it is a humungous print-out of the freely available PDF version of the book from al-islam.org, sandwiched between a colored cover and backing. It’s HUGE (8.5 x 11 inches), cumbersome, is in no way superior to printing the PDF off

al-islam.org yourself at home.
