Synopsis

Presenting the human side of Psychological Disorders.Ã Â Susan Krauss WhitbourneÃ¢â ¬â„¢sÃ Â Abnormal Psychology: Clinical Perspectives on Psychological Disorders, shows students real-life portrayals of psychological disorders through an extensive use of clinical and online case studies, biographies, and first-person quotations. The program maintains the biopsychosocial approach, incorporating biological,psychological, and sociocultural contributions to psychological disorders, also acknowledging the evolution of psychological disorders over the lifespan. The eighth edition ties concepts together with an integrated, personalized learning program, providing students the insight they need to study smarter and improve performance.Abnormal Psychology personalizes the human experience, while helping students think critically and apply their knowlÃ Â- edge through activities in McGraw-Hill EducationÃ¢â ¬â„¢s digital learning platform,Ã Â Connect.Ã Â Connect for Abnormal Psychology includes the only adaptive reading experience on the market,Ã Â McGraw-Hill Education SmartBook, as well asÃ Â new Interactive Case Studies for Abnormal Psychology and the Faces of Abnormal PsychologyÃ Â video program.Ã Â

Professor Whitbourne received her Ph. D. from Columbia University and has dual specializations in life-span developmental psychology and clinical psychology. She has taught at the State University of New York at Geneseo and the University of Rochester. At the University of Massachusetts, she received the University’s Distinguished Teaching Award and the College of Arts and Sciences

Outstanding Teacher Award. In 2002, she received the Florence Denmark/Psi Chi National Faculty Advisor Award and in 2003, the APA Division 20 (Adult Development and Aging) Master Mentor Award . She is the Honors Coordinator in the Psychology Department and the Director of the Office of National Scholarship Advisement in the newly established Commonwealth Honors College. The author of fourteen books and over one hundred journal articles and book chapters, Professor Whitbourne is regarded as an expert in the field of personality development in adulthood and old age. She is currently the APA Council Representative of Division 20 of APA having also served as Division 20 President. Professor Whitbourne has developed nationally recognized approaches to technological innovations in teaching, and the web site she developed for her introductory psychology course was selected as a McGraw-Hill Web Cafe "Site of the Month."

It is the "binder ready" version of the book, which I prefer because it cuts down on the overall weight of my bag, but it DOES NOT come with the connect like the description implies. It should be clarified that it doesn't because it is very misleading to talk about it in the description of the book but never say that it isn't included. Thought I found a good deal but I now have to spend more money to buy the connect separately because it's required for my class.Disregard the creases shown in my picture, I mangled the package while opening it.
