These are some of the worst stories I have ever read or heard! They're just plain awful vampire stories. The longest of them all is Steven's narration of a multitude of story titles and why and how he wrote them. It was a boring never ending 3 of the 4 disc fiasco!

I read the story and it had my hair standing on end. I saw it on "Tales from the Darkside" and that was something else but hearing and let my imagination take over? OMG! I swear I could see the woman's tears on her face as she cried.

another loser from King..nothing like he used to do..Sorry..

A compilation of 4 tales on CD. It was hard to listen to these King stories, as I prefer reading his prose . . . None of the stories were among his best, either. meh

Love Stephen King short stories. They are just the right length. I can read one before I go to sleep each night, they just fit the bill. I hope to get more of the short story series.

I love Stephen King and these stories were good but not the best I have heard.I liked the fact that they had different people reading each story .

I enjoyed the mix of narrators, along with the afterword in the author's voice. Makes me wish I had purchased the full collection of stories.

Bought this for a long road trip. Some stories are better than others, making it just ok. But overall entertaining and something to keep us occupied for a couple of hours.
