LAURA MARSH has worked in children’s publishing for nearly twenty years as an editor, packager, and currently as an author. She has written numerous books in the National Geographic Kids Readers series, including Great Migrations, Sea Otters, and Koalas.

My grandson is amazed by this series of books. He’s really listens and asks lots of questions at his age (4). He tells others what he’s learned and I’m surprised how much he picked up.

I bought this book to read to my first and second grade class. It has beautiful photographs of lions. It covers topics like habitat, diet, play habits, and "Cool Facts," etc. It was a huge hit with the children! I went ahead and bought several other titles that are National Geographic Kids too.

This reader is perfect for my 6 year old daughter. She is learning about lions. She loved the pictures, the book is very educational and perfect for her age! Awesome reader
