Customer Reviews

This is a tough subject to write about for kids but author did a good job. Only objection is the line that the terrorists - "using a religion from someone above" - but God isn't the author of this religion or the kind of action committed on 9/11. Very patriotic and inspiring.

Purchased for my grandsons. They really loved it. Great children's book. Excellent writing with great illustrations. oldest grandson took to school for presentation and his school asked to borrow it for other classes. Would highly recommend.

Loved it. A must for all households with children.
