Customer Reviews

My kids really enjoyed this. I was a little uncomfortable with the Evangelical side of things (I found it a bit preachy), but there was nothing wrong with it. Overall, a good mystery for kids.

The book was great just needed to complete the collection.

Good seller with reasonable price and prompt shipping. My kids liked this book and want to read

more in the series.

This is one of the best books in the series. We have only read 3 so far, but my younger boys (8 & 5) have loved them all. Every night they ask me to please not stop reading this book. It is awesome! I love the Christian values and the positive home school references as well.
