Customer Reviews

Can’t believe I feel for the car salesman write up. No useful information and outdated. She sell it like she researched it and got expert info. NO SHE DIDN’T No use do not was money prayed on key words and false hope

If I could give a product a negative star then this would be the product to do it for. There is nothing new in this book that a diabetic or a newly diagnosed person doesn't already know.... eat right and exercise in short segments. I fell for it....buyer beware!
