Customer Reviews

So, here’s the thing. You are going to see a lot of different reviews here. Very few will give it a low review. I venture to ask those who gave it such a low review, "how successful are you in your business?" and "did you try to implement any of the ideas Mary puts in this book?". I don’t think you can truly critique it until you have tried it.That being said, I LOVE Mary’s books. My company was

also blessed to have her as a speaker at our conference and she lit the fires of everyone in the room. She is inspirational, informational, and simply a superstar! Myself and my team have been implementing her ideas from this book. My team is growing, my business is growing, and my teammates businesses are growing because we have found what works for us. Some of us use all her ideas, others use some. It is about finding what works for you. Would I tell you that her books are all you should ever read if you want to be successful in Direct Selling...NO! That would be silly! If you want to succeed, keep learning, keep reading, find writers that speak to you. I do believe Mary speaks to most people and you can find many amazing ideas in this book that you can start using in your business today.

After having the opportunity to hear Mary Christensen speak at a convention I had attended, I was thrilled to find her books on at such an amazing price! I had no idea that she had several books available. I ended up purchasing three of her books. I am still in the process of reading all the great information inside each book. I definitely recommend anyone in the direct selling business to purchase her books and apply her advise to help make your business succeed.
