## Synopsis

In this #1 New York Times bestseller, Michael Jackson tells the story of his life, in his words. In this intimate and often moving personal account of Michael JacksonÃ¢â ¬â„¢s public and private life, he recalls a childhood that was both harsh and joyful but always formidable. Michael and his brothers played amateur music shows and seamy Chicago strip joints until MotownÃ¢â ¬â„¢s corporate image makers turned the Jackson 5 into worldwide superstars. He talks about the happy prankster days of his youth, traveling with his brothers, and of his sometimes difficult relationships with his family over the years. He speaks candidly about the inspiration behind his music, his mesmerizing dance moves, and the compulsive drive to create that has made him one of the biggest stars in the music business and a legend in his own time. Jackson also shares his personal feelings about some of his most public friendsÃ¢â ¬Â¦friends like Diana Ross, Berry Gordy, Quincy Jones, Paul McCartney, Fred Astaire, Marlon Brando, and Katharine Hepburn. He talks openly about the crushing isolation of his fame, of his first love, of his plastic surgery, and of his wholly exceptional career and the often bizarre and unfair rumors that have surrounded it. Illustrated with rare photographs from Jackson family albums and MichaelÃ¢â ¬â„¢s personal photographic archives, as well as a drawing done by Michael exclusively for this book, Moonwalk is a memorable journey to the very heart and soul of a modern musical genius.

## Customer Reviews

I couldn’t put this book down.I loved every story he told,up close and personal.Of all the books I’ve read about him this is over the top.Michael Jackson will always be in my heart ÃƒÂ¢Ã Â•Ã Â¤

A very, very good read - one of the only insights into the life of Michael Jackson by the man himself. I used this text as a primary source for a paper analyzing Jackson’s media representation versus his attempts to represent himself, and this autobiography provided plenty of fodder for my writing.

amazing book great picture, got to know a bit better with this book you will like it too will worth

Great book!!..written by someone who lived life to the fullest.. Aside from anybody’s negative opinion about Michael Jackson...he was an extremely talented man far beyond anything that anyone could realistically expect from any human being... An eccentric genius who’s life will have a forever impact in the music industry and inspire future musicians...

Classic Michael Jackson! If you didn’t already know about his life, this is a good read for sure!!!

I really enjoyed reading this book. I don’t know if he used a ghostwriter, or to what extent, but the text sounded like him. It was like watching one of his interviews.
