Synopsis

Avid sport fishermen will treasure this bookÃ¢â ¬â •which is nearly as beautiful as the objects it describes. Fly-tying is a highly prized fishermanÃ¢â ¬â„¢s craft, but itÃ¢â ¬â„¢s also an art form, wonderfully captured in this volumeÃ¢â ¬â„¢s hundreds of color photos. Each of 100 fly patterns is presented in a two-page spread: an enlarged photo and textual description on the left-hand page, complemented with a set of step-by-step, clearly captioned photos on the facing page. In addition, fishing enthusiasts will find sections on fly-tying tools and materials plus general instructions for getting started. The author, a well-known fly-tier and sport fisherman gives instructions on making traditional trout and salmon fliesÃ¢â ¬â •all of them fish catchers of proven effectiveness in the United States, Canada, Europe, and Australia. Examples vary in complexity, with patterns to fit every skill level from novice to expert fly-tier. Here are dry flies, nymphs and bugs, wet flies, streamers, and hairwingsÃ¢â ¬â •a virtually complete selection of traditional and up-to-date examples of the art. The bookÃ¢â ¬â„¢s hidden spiral binding keeps its pages opened flat, which makes it ideal for reference at the workbench. More than 600 color photos.

Customer Reviews

[back cover] 100 top patterns with clearly illustrated step-by-step sequences showing every stage of the fly’s construction Covers all traditional trout and salmon flies as well as the most up-to-date patterns Focuses on proven fish-catchers used successfully all over the world Flies vary in complexity, providing patterns suitable for every skill level, from novice to experienced tyer Peter Gathercole is widely regarded as one of Britain’s leading fly-tyers and game-fishing

writer/photographers. His articles and photographs have appeared in several top fishing magazines. "The Fly-tying Bible is his fourth book on fly-fishing.

Peter Gathercole is one of BritainÃ¢â ¬â„¢s leading fly-dressers and game-fishing writers and photographers. His articles and photos have appeared in many magazines, and his books include The SothebyÃ¢â ¬â„¢s Guide to Fly-Fishing for Trout.

This is a really interesting and relatively inexpensive fly tying book. My dad recently had quadruple bypass surgery and he was laid up at home for several months and was really getting impatient and bored. I bought him all the stuff he needed to get started with tying flies again like he used to when I was a kid. He used this book and tied several flies before recovering enough to get out fishing again.

AAA+++Very high quality, great fly tying manual. Great service, product and packaging, comes with highest recommendations.

Picked this book up for a fly-tying friend. The books is a great source of information.

Purchased this for my Son who is learning to tie flys. He absolutely loves it. The pictures, descriptions, and instructions for 100's of flys are all contained in this book. It even discusses the tools and material but more importantly "WHERE TO BUY" them at!! I am not a fly fisherman and again, my Son is a just learning to tie flys but I cannot see how even an Experienced Fly Fisherman would not enjoy this book. Wealth of knowledge and highly recommend....

Enjoyable reading, and helpful for beginning fly-tyers.

My youngest son is a fishing fanatic, and has studied this book from cover to cover! Great illustrations, easy to follow instructions, beautiful photography. Knocked it out of the park!!

Perfect for the beginner fly tyer

Great product.
