Synopsis

An in-depth analysis of SitchinÃ¢â ¬â„¢s revelations about the Anunnaki, early humanity, and EarthÃ¢â ¬â„¢s futureÃ¢â ¬Â¢ Examines SitchinÃ¢â ¬â„¢s research into the Anunnaki arrival on Earth, the lineage of the Nefilim, their space travel technology, and their creation of modern humansÃ¢â ¬Â¢ Written by longtime Sitchin friend and colleague M. J. Evans, Ph.D., and draws upon her research and personal discussions with SitchinÃ¢â ¬Â¢ Explores the lust and lovemaking relationships of the Nefilim and suggests we inherited our warlike and love making tendencies from themKnown for his provocative interpretations of ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) read the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that these ancient tablets revealed a coherent narrative about the extraterrestrial inhabitants of Earth and the origins of modern humanity.Drawing upon her many conversations with Zecharia Sitchin over nearly 20 years, M. J. Evans, Ph.D., longtime Sitchin friend and colleague, provides an in-depth analysis of SitchinÃ¢â ¬â„¢s revelations about the Anunnaki, focusing on Anunnaki activities on Earth and EarthÃ¢â ¬â„¢s future. She explores the genesis of SitchinÃ¢â ¬â„¢s interest in the Nefilim, the leaders of the Anunnaki, and the controversy caused by the publication of SitchinÃ¢â ¬â„¢s first book, The 12th Planet. She examines SitchinÃ¢â ¬â„¢s research into the Nefilim family tree, the Anunnaki arrival on Earth to mine gold to repair the atmosphere on their planet, Nibiru, and their creation of modern humans as workers for their mines and to build their civilization on Earth. She shows how, in the context of 21st-century technological capabilities, SitchinÃ¢â ¬â„¢s work casts a different light on ancient events, with implications for our future. The author reveals the details of the love and lust proclivities of the Nefilim gods Anu, Enlil, and Enki and the goddess Ishtar/Inanna and shows how we inherited these tendencies from our Anunnaki creators as well as their use of war for problem solving.Concluding with an examination of SitchinÃ¢â ¬â„¢s prediction of a nuclear event on Earth in 2024 AD, she shows how we would be repeating the aggressive warlike behaviors of our Anunnaki creators, who may very well become our saviors when Nibiru next returns to our solar system.

Customer Reviews

I love all the Sitchin books; they’re filled with amazing detail that proves modern humans were evolved from an earlier form of human by the Annunaki.

For an open minded person or someone that seeks alternative thinking as far as where our orgins are- this book is for them!

Concise, well written summation of Sitchin’s work. A "cliff notes" on his 14 books.

A good supplement to Sitchin’s work

Haven’t read it yet and will be awhile as I have several unread books on my list. However, if it is anything like his other books I know I will like it AND probably learn something worth while.

This work was done by a follower of Zeharia, Sitchin, repeats what already this master has said in his books

Its a good summary of the seriesif you need to get the idea this book i goodalso a new one

Probley better off reading Sitchins own work or even Chris Hartys Dna of the Gods. I've read other works by several authors on the same subject and found myself disagreeing with this author on several topics. She takes a mainstream stance on our current wars current global situation witch I don't agree with.
