Customer Reviews

This was an excellent read that I believe should be read by all Christians and would be good for Law of Attraction followers to read as well, because it ties into the power of prayer to bring blessing in many forms into your life, while explaining the higher moral values to be accompanied with your wishes.It was a true eye opener and made me think differently about the wants,dream and desires we all have throughout our lives. It gave me appreciation for what I have and actually showed me how to achieve more, but how to do so only if it be the Lord’s will. I would have loved to been present at one of Charles Spurgeons actual sermons. I am sure it would have been life changing.

So not the most recent book of the same title.As always, Spurgeon does a masterful job of explaining, and extoling the Most High.Highly recommended.

Spurgeon is definitely "old english" and a little difficult to read word for word. He has such a wonderful message that I couldn’t just leave the book unread. Once I got to the point that I could read over his "thees" & "thous", etc and replace those with modern "English" it was very

enlightening. I have read another of the "Jabez" books but found Spurgeon to cover a much broader scope of life and how we should pray or not pray about life...especially, in the latter part of his book.

..and you can not see the light at the end of the tunnel C.H. Spurgeon reminds us to view our trials and tribulations from a heavenly perspective. That the blessings of the Lord may not always appear as earthly blessings of health, wealth, and fame but instead draw us closer to Him and that indeed is a blessing.

First let me say I did not know Spurgeon was from the late 1700's. First let me say I have tried the prayer, and it works 100% of the time as I would expect it Pray it earnestly and without reservation at the same time, do not pray for selfish motivation. Let me say that when you read this you may have to read it two or three times to get the true meaning and let it soak in. Rated the first time and contemplate what it has to say and then go back and read it later and I think you will get more out of it at least I did. May God bless you as you continue your studies and if you read this.

Excellent read. The book was short to read, but the message was meaningful and filled with wisdom. I recommend this book because the writer has Godly insights for readers who are looking for spiritual direction separate from the world's standard of success.

Always a different twist from surgeon but well worth it. It wasn't what I expected but valuable nine the less.

I had a different prayer of Jabez book. It was a very compelling read. This one did nothing for me, and seemed to have no real purpose
