Awesome book; great instruction manual.

Just bought this book and will not be able to use it as I will be moving into my own home. House is large enough to have a studio. This will be the first book I use. The bears are absolutely wonderful. I have yards of muslin for making hairless bears and will buy furs to use on hairy bears. Awesome book!

Clean and cons ice instructions. Full scale pattern that can be copies on a home printer.First I had a chef's hat---very cute!!

I plan on making a teddy bear for my grand daughter for her 7th birthday! Very nice & descriptive.

When I was on a crafting binge a decade back, this was my go-to book for making Teddy Bears. It actually helped me make a decent and nicely stitched Teddy bear. I'm absolutely proud to buy it again!

Great patterns for bear clothes and cute pattern for bears. I have several books on Bear Making and I make bears often. Easy to use. Received quickly and the book was in EXCELLENT condition as described.

Fun bears to make and the clothes to fit them. Directions were fairly easy to follow.

Nice book.
