Customer Reviews

This guide will get you into the back country pointed at some spectacular scenery and fishing water. (The Reel News)Here is a succinct summation - in words, photos, and maps - of Washington’s officially designated wilderness areas. It’s sure to appeal to all who care - and savor such areas. (Ruth Kirk, author, Exploring Washington’s Past)... a terrific, comprehensive resource. For those of us who know about the diversity of Washington’s wilderness, it’s a consolidated and updated reference. For others, it’s a great starting point for detailed trip planning and orientation ...A strong voice for official designation of those areas not currently protected under the National Wilderness Preservation System. (Pat O’Hara, environmental photographer)Completely updated and revised, this is the most comprehensive reference available for Washington State’s 54 significant wilderness and roadless areas. (The Mountaineer)It is loaded with historical and geologic information that

makes the book a keeper. (East Oregonian)"Perhaps the most comprehensive guide to Arizona wilderness spotsÃ¢â ¬Â¦This guide book is exhaustive in detail and should be included in any Arizona explorer’s knapsack. It’s exceptional." (Arizona Daily Sun (Flagstaff, AZ))

MARGE and TED MUELLER are the authors of 11 books, including all four titles in the popular Afoot & Afloat series. Avid explorers, they are also the authors of several other outdoor guidebooks from The Mountaineers Books. They live in Seattle, Washington.MARGE and TED MUELLER are the authors of 11 books, including all four titles in the popular Afoot & Afloat series. Avid explorers, they are also the authors of several other outdoor guidebooks from The Mountaineers Books. They live in Seattle, Washington.

Originally published in 1994 and reissued in 2002, this book is still pretty decent. Over 400 pages offering over 100 wild locations from the San Juan Islands to Salmo-Priest on the Canadian/Idaho border (yes, we’ve been there).Like many publications, most of the hikes are concentrated west of the Cascades. It’s a personal beef of mine. Most authors are from the west side and don’t really take the time to find out what lies beyond the mountains. "Thar be dragons," is the call. Regardless. There’s plenty here for most anybody who wants to get out and about in the uncorrupted parts of the state.
