Customer Reviews

This edition (3rd) is smaller than the 2nd edition. Too small in my opinion. Text font and maps were too small to see. I sent it back and bought a used 2nd edition which I really like. Buy the 2nd edition.

We have looked all over for this book! Found it of course on ! I bought it for a gift for my SIL that enjoys hiking. It was a great present for him while he had some down time. He has nothing but great

reviews of this book and recommends it highly! Thanks for yet another great find and THANK YOU to Seabury Blair Jr. our local author/photographer.

This book is easy to use, with clear directions, detailed trail notes, and color photos. It was a great addition to our Olympic Peninsula trip last fall!

This was an amazing little book! It fit easily into a backpack and every hike we took was wonderful. The descriptions for the hikes were very accurate as were the directions. It made our time in Olympic National Park unforgettable. I would highly recommend this book!

So helpful in how to get to each hike and accurate on how long it takes to hike it. So so so glad we had this!!! Also the pictures were great too.

Excellent descriptions and very useful. We discovered some hikes that we wouldn't have found otherwise.

Love this book & it arrived in great condition.
