Synopsis

The new spiritual center of art and free expression, Seattle has become an urban magnet for travelers seeking everything from rock clubs and symphonies to upscale galleries and folk-art shops. Going neighborhood by neighborhood, Gottberg gets to the heart of each community while describing both its famous attractions and hidden favorites.

Customer Reviews

Eric Lucas likes to be near the city but also enjoys staying away from the crowds (like any Hidden guide!). That’s why he lives on Vaughn Island in Puget Sound (a 30-minute ferry ride from Seattle), where he claims the local population of semi-famous artists and writers leave their keys in their ignitions to accomodate one another’s unexpected transportation needs. An avid outdoorsman, he loves British Columbia’s tall, forbidding mountains as much as its sophisticated cities

This is a great and informative book about Washington and hidden places to travel. I recommend this book to those that want to know more about Washington and what is out there. I never knew about all of the destinations given in this book and now I cannot wait to go travel and visit some of them. Great purchase.

I lived in Washington my whole life and I have discovered some new places to explore! Great

service, it came quickly after I ordered!

Some spots marked "hidden" aren't as hidden as the author thinks; I've been to Washington only 3 times, and knew about several of the hidden gems. Maybe I'm just lucky that way. It's still a good book-and easier to carry with you and review on your travels than a laptop.

The guide was a great reference for our recent vacation. We used it successfully to locate interesting sites as well as lodging and food by area. I recommend it to anyone as a guide to pick out how to spend limited vacation time.
