Synopsis

The North Cascades provide a place where people can experience nature on her own terms, a place where the artifacts of modern technological civilization fall away. We are left standing alone, just below the summit, mist rising from the forest below; before us there is nothing but an endless sea of peaks. North Cascades National Park in northwestern Washington State, established in 1968, preserves majestic mountains, glaciers, forests, meadows, and thriving animal communities.

Best Sellers Rank: #2,033,000 in Books (See Top 100 in Books) #28 inÃ Â Books > Travel > United States > Washington > North Cascades

Customer Reviews

Each book in this series tells a compelling story through the eyes of an experienced interpreter whose writing reflects true enthusiasm for the park. Complete with running text and interpretive captions, accompanied by abundant full-color photographs, these books will be welcome in any home library.

Saul Weisburg is a naturalist, educator, and mountaineer who worked as a climbing ranger for North Cascades National Park for eight years. He has been Executive Director of North Cascades Institute, a non-profit education organization, since 1986.

Good buy!

good info and great photos
