Book on Trips and Trails - Short Hikes and View Roads Around the North Cascades

While camping is great fun (and this book tells about campgrounds), it’s even more fun to go snooping round - along trails and logging roads, to see flowers, waterfalls, vistas, lakes, seashells and other surprises of nature. This book collects outdoor adventures in the form of natural sights to be seen on hikes of 2 miles of less (one way), starting from nearly 200 campgrounds around the North Cascades. In this completely updated third edition, the text has even broader appeal for faqmily hikers and those wanting short jaunts near tent and trailer.--- excerpt from book’s back cover
