Customer Reviews

"The goal of this work is to provide forensic psychology contextual knowledge to officers in law enforcement. The material provided in the work is well suited for the authorÃ¢â ¬â„¢s goal Ã¢â ¬Â¦ if this work were used as the primary text for a course taken by law enforcement officers. The topics covered are appropriate, the depth of presentation is at the right level, the chapters merge together cohesively Ã¢â ¬Â¦ the result is a very useful text for bridging the gap between forensic psychology and law enforcement." Ã¢â ¬â œChoice Magazine, July 2017
