Customer Reviews

It gives a nice insight in small breweries and the beers they make. A very pleasant read with a lot of humour.

An essential guide for all beer lovers planning a trip to Andalusia, or living there. Full of information, yet light enough to carry around, it includes engaging interviews with micro brewers throughout the area, photographs, addresses of bars and outlets and - most helpfully ÃƒÂ¢Ã â ¬Ã â œ a section on how to ask for and comment on craft beers in Spanish. But be warned - the author’s love of her subject is contagious!

As a beer lover, I was surprised that there was so much to discover in Andalusia! It’s great fun reading the interviews, and then heading to some of the breweries yourself. Often running into the person you just read about. It also allows a great track of the beaten path and will give you a local feel of the area.

This is a no brainer: if you love beer, love road trips and love discovering hidden gems in the south of Spain, this is your book! Great maps, it fits in your pocket, reads like a treasure map with lots of new beers to taste at the end of your journey and a handy word list with all the Spanish you need to order a cold one... Salud!

Even if youÃƒÂ¢Ã â ¬Ã â„¢re not a beer lover you will enjoy this book. Liz Luyben knows how to entertain her readers, is funny and witty, and a really great interviewer. The perfect guide for people whoÃƒÂ¢Ã â ¬Ã â„¢re planning a trip to Andalusia and who want to know more about the local (beer) craftsmanship!

I’ve been traveling to Southern Spain for years and I never really noticed the craftbeer or rather the lack thereof. But nowadays when there’s craftbeer everywhere in the Netherlands and the UK you expect a little more, and this book really pointed me in the right direction.

A great book and new guide to discover Andalusia from a complete different side. A must read book for Beer lover’s!

Came across this book in the kindle shop and as I was about to leave for Spain I figured why not? Read it on the plane and I was really entertained. When I got to Cordoba the guide was helpful in getting my bearings.
