Synopsis

Life’s a witch ... and then you die.It’s the dying part vexing Bay Winchester these days.She may be a long-suffering daughter, thankless newspaper editor, and keyed-up girlfriend, but she’s barely holding off a royal freakoutLandon’s family is visiting the inn -- and they’re not exactly open minded. Bay is on a mission to hide her witchy ways, but the discovery of a body -- and the poltergeist that accompanies it -- at The Overlook tips everything into turmoil.Landon’s mother doesn’t trust them -- and his Aunt Blanche is moving in on Aunt Tillie’s man (which is causing more trouble than anyone saw coming). That’s on top of the paranormal havoc the poltergeist is wreaking in every corner of town.Bay and Thistle are convinced Aunt Tillie knows something about the body the construction company unearthed while erecting her beloved greenhouse. The problem is, she won’t admit it.Landon is on vacation. Chief Terry is on edge. Clove is hiding something -- and it has nothing to do with the poltergeist. That’s on top of the fact that Bay’s mom and aunts are feigning eternal ignorance.The poltergeist is out for blood, though -- and it will only settle for Winchester blood.When everything comes to a head, a long-held Hemlock Cove secret will be unveiled -- and it’s not what anyone is expecting.

Customer Reviews

As usual, I laughed out loud, but this one had me giggling through nearly every word, and when I wasn’t giggling, I had tears in my eyes (for the "tender moments"). I want an Aunt Tillie! Just because she makes me laugh at her stubborn antics, and reading of the frustration she must go through, keeping all 6 of those girls in line, lol! I’d take any one of the Moms for my own, and I really wish I had cousins like Bay, Clove, and Thistle! Reading these stories leaves me feeling like they are part of my family. I would do anything to have a guy like Landon, with what he’s put up with, and how loyal he is. Meeting his family was wonderful, and who knew his Mom could be so cool, after all, lol.I have Loved every word in this series, each book a new adventure in joyfully Witchy insanity. This one has, so far, topped them all, though. If you haven’t read it, I suggest that you MUST! I had put off reading this one, for a while after I got it, because I knew I would devour it in one morning, and sure enough, I did. =)

I’ve read most of the series and kept hoping that the story plot would finally take precedence over the immature petulance of the protagonists. So far I’ve been disappointed. The series premise holds promise but the continuous squabbling and gratuitous bickering completely override the story. I found myself skimming the irrelevant dialogue to get back to the plot. The author freely admits that the humor she writes is not for everyone - I agree. Whereas the first book was entertaining enough and worth a chuckle or two, the "humor" has faded and in its place is tedious, unnecessary and overdone dialogue. The women are purported to be in their mid- to late-twenties; they behave and interact with each other and other characters like silly young teens and they are joined by an equally unconvincing, immature eighty-year old in their antics. I won’t go into the unbelievability of an FBI agent being involved with the main character. If you have nothing else to read and don’t object to mindless, idiotic banter with very little plot development, then this series is for you.

I thoroughly enjoyed reading about Bay and her sister witches. Landon’s family is coming to meet her. Will they be able to k keep the strange happenings at the overlook away from their guests knowledge for the week they’re there? Another cantputdownable must read.

Can I say this series is the best? Of course I can! All of the books in this series have had good plots (not too in depth, but enough to hold your interest), good character development, and the best part of all...just flat out...laugh out loud funnyÃƒÂ Ã Å¸Ã ËœÃ â So if you would like a bit of light reading, one that is very hard to put down, one that makes you laugh, than this is the book for you.

Warning though, if you read this book first (and you certainly could do so), you will without a doubt, want to read books one through five next! So I ask again, when is book six coming out?

I am enjoying the whole series which is why I keep reading the next book. I like her sense of humor, as I'm from Michigan, I get the author's humor, thus the humor of the cousins, the Moms, and Aunt Tillie. Everyone in Michigan has an Aunt Tillie! The three cousins are like my girlfriends back then, getting into mischief.

I read fantasy to escape and I really enjoy the humor and sarcasm in these mysteries. The family dynamics are a hoot. Bay and her ever extending family are awesome.

This had the funniest scene in the series. Boyfriend's parents and Aunt Tillie's curse do not mix well--unless you are reading about it after a long day...laughing hysterically. Thus one made me feel better about my encounters with the in-laws. Great book.

I liked this book a lot especially bringing in another older lady to rival against Aunt Tilly over her new boyfriend lol! The plot was good and different because the author used a poltergeist instead of a ghost this time. You can tell the author has improved in her writing and plot skills. The only reason I gave it a 4 star is because the jokes are a little corny at times and Landon's character gets old because he's always whining over Bays decisions. Sometimes it's like jeez just shut up and quit being such a cry baby. I just find him annoying complaining in every book about the same concept. Other than that good and interesting as usual!
