Synopsis

NOTE: BEYOND THE LEXICON IS THE SECOND EDITION OF CHAIM BENTORAH'S PREVIOUS BOOK, HEBREW WORD STUDY: BEYOND THE LEXICON. Many Christians long to study the Word of God in the original Hebrew. They will take Hebrew Classes at a college, a synagogue or online and often become discouraged because these classes either teach them to speak Hebrew or spend considerable time teaching complex rules of grammar when all they really want is to find GodÃ¢â ¬â„¢s heart and message in His Word. As a result, these Christians usually give up and just go to the back of StrongÃ¢â ¬â„¢s Concordance, a lexicon, or a Bible dictionary to look up a word. This book is written for the Christian who does not want to learn to speak Hebrew or spend long hours trying to understand complex rules of grammar. It is written for those who want to find a deeper meaning to certain Hebrew words on their own. Even after looking up a word in their lexicon they are still left with a nagging feeling that there must be more. In most cases there is more and this book will give some guidelines in how to drill down into the very heart, soul and core of a Hebrew word. It will take you to a world beyond your lexicon without spending years in a seminary or Bible College. What you will need is a love for the Word of God. If you love it enough, it will reveal its secrets. Hebrew is a language of the heart and if you love God enough, He will reveal His heart to you through the ancient Hebrew Language. Chaim Bentorah has a BA in Jewish studies from Moody Bible Institute, an MA in Old Testament and Hebrew from Denver Seminary, and a PhD in biblical archeology. He taught Hebrew at World

Harvest Bible College for thirteen years as well as a language course for the Christian Center High School. Chaim Bentorah is a resident of Cicero, Illinois, and presently teaches biblical Hebrew, Greek, and Aramaic to pastors and lay teachers in the Metro Chicago area. --This text refers to an alternate Paperback edition.

A fresh, in depth look into the deeper meanings of Hebrew words of the Bible. Full of interpretations that make the passages of the Bible not only "pop" but come to life in such a way that it is exciting.

I have not read very far into this book at this point, but I am enjoying the author’s detailed histories of each of the Hebrew letters as well as his own rather imaginative interpretations of them from a Christian perspective. (His Hebrew name is a pseudonym, and he is really a Baptist minister who is an expert in Hebrew and other Biblical languages.) One technical problem I am experiencing, however, has made the book virtually unreadable on my old 5-way-controller Kindle. My husband had the same problem on his Kindle Fire with a sample chapter. The Hebrew characters appear in an extremely tiny font which does not enlarge when I use the Aa key to change the text size, though the English-alphabet characters do. Since the whole point is the Hebrew words and their letters, the resultant text is almost meaningless. The Kindle tech support person I consulted was unable to resolve this issue, which presumably stems from the publisher rather than from . So if you wish to explore this intriguing book, please order a normal print edition rather than a Kindle.

A worthwhile read to understand the depth and complexity of this beautiful language. Then move on to Chaim’s other brilliant books about the "Heart of God"

This book came providentially at the perfect time for my personal studies, and has greatly enabled deeper understanding of Biblical Hebrew truly "Beyond the Lexicon". I appreciate the spirit led creativity and thoughtfulness of this author. This book holds great value for anyone seeking to delve into the treasures hidden within God’s Word.

What a wealth of information to help you dig up the gems of deeper meaning behind the word of God! If you’ve ever longed to go deeper into the word of God, like I have, this book is for you! It equips you with the tools needed to dig deeper into the original Hebrew language of the Old Testament, teaching you about the Hebrew alphabet, it’s history, and the meanings of each letter (including their numerical values). I highly recommend it, as well as it’s companion ("Beyond the

Hebrew Lexicon") manual/workbook!

What a great resource! Even within the first few chapters I learned so much. Anyone interested in learning more about the original Hebrew alphabet, richness of meanings of each letter and how they fit together, and add depth to your understanding will want to read this book. The one thing I wish the author added was the pronunciation of the letters. I'm grateful for technology that there is an app you can get that provides the pronunciation for those of us that need it.

very interesting.

Just like the One we're seeking. Although I'm no scholar this man is a godly teacher. He is capable of opening His Words. I am being very selfish, I know, and I hope he's still teaching us til the day he goes Home.
