I love, love, love this audio program. Les Hewitt has a simple way of identifying what we need to do in order to win. Even though I'm not a sports fan, his sports analogies are simple to understand. I bought this program 2 years ago and still listen to it 2-3 times per year. Every time I listen to it, I find something new to implement.

Dont know why I boutht anything by Trump.... ridiculous.

Fans of Trump, fans of "The Apprentice," and fans of football would enjoy this product. Les Hewitt and Donald Trump explain how championship football teams embody many of the same attributes necessary to succeed in business and in life -- dedication, motivation, inspiration, focus, etc. They explain why you have to have a game plan for yourself and your own life, and they show you how to use proven tactics and strategies that get success. Les Hewitt is a terrific presenter; Trump is

always entertaining. Well worth the $39 I spent on this... I'd recommend it.

Excellent , if anyone wants to find a way to win in all aspects should consider this product. If also you need to find out why your not producing this is another reason this is must listen to. A very in-expensive product that could produce fortunes for one willing to give it there all. No sports team goes into a season without a play book and niether should a businessman/women and most of them do...
