Customer Reviews

We were planning on ordering another publisher’s resources but many of our IB teachers attended workshops and came back asking for Oxford. The quality of the text and online support package is

the reason. * Ron Patrick, Head of Science, International School of Panama * Thanks a ton for bringing out such an informative and concept based chem book for the new curriculum. The book, like a pyramid has worked towards making a solid foundation and then focused on higher concepts/skills. * IB Chemistry Teacher, India *
