Customer Reviews

I am a BSN student working in the NICU and this has been a WONDERFUL resource. It is very up to date and consistent with current clinical practice. All the nurse’s on the unit say this book is their "NICU bible," and they read it from cover to cover each year.

Love it!

Arrived quickly and was exactly what I needed.

Very good read book I have consulted it many times. I keep it at work so others can use it as well

Enjoying the book. Refreshing my skills to work in the NICU again!!!
