Customer Reviews

I just got back from a 15 day trip to Cambodia and Vietnam. This book was great. It really hits the most important things to do/try. I didnt use it a whole lot once I was out and about but it really has everything you need in one book and provides great suggestions about traveling from one place to the other.The only thing I will say is that I tried to go to one restaurant in Hoi An that the book suggested that was closed (Mermaid Restaurant) so I would do your research if taking suggestions on restaurants or Hotels but that will happen with any book.

Very helpful if you are looking for places to stay and to eat in major population areas.. Not so helpful regarding smaller towns or general information about the things to see and do.

I tried to use this as an eBook but it wasn’t easy and the maps were useless. I found that as it covered 4 countries, it doesn’t provide the really rich information on any of them that you get in other Lonely Planet guides. I didn’t take the hard copy on Laos I had as it was just too heavy to lug in my baggage or my day bag - why must guide books always be so heavy?

Bought this to take with me to Vietnam and Thailand. Not very helpful. Lots about places to stay, but I was part of a tour and didn’t need that info. Otherwise the info was kind of superficial.

Good travel companion for those who are travelling to the SE Asia zone with little time for a deeper exploration. It states the basic information about the main destinations available, some interesting and useful history and facts and main sights for the cities. If you want something more comprehensive you should buy the dedicated guides for each country.

This was our main companion during our recent trip to Cambodia and Vietnam. Couldn’t have pulled it off without this book. Easy five stars.

This book was absolutely amazing. It helped us find the best restaurants, hotels, tours, understand culture, be prepared for scams, etc... I cannot recommend this book enough! Its a MUST HAVE!

Already making the plans 2017..good info!
