Hall of Famer John Havlicek personified greatness as he helped lead the Boston Celtics to 8 NBA titles in 14 seasons. He is the Celtics all-time leading scorer.

Great pictures and terrific information in this well-designed book. My friend's basketball crazy son loved it and he has learned a lot about his favorite sport.

I purchased this book for my third grade son after he had checked it out of the school library. He so enjoyed the contents that we decided he should have his own copy. He has gotten a lot of use and interesting information from the book.

If you are an avid professional basketball fan like me who appreciates the history of the game, you should know that there are so many captivating memories surviving to this day. This book focuses on the more prominent players and plays of the NBA's past and present; the buzzerbeaters that

have won championships, the slam dunks that defied gravity, the amazing assists that made you wonder if he could see through his head. All these memories come alive again in NBA's Greatest. From James Naismith's invention of basketball to George Mikan, Bill Russell,'Houdini of the Hardwood' Bob Cousy and the early dominance of the Minneapolis Lakers and Boston Celtics, to the era of great swingman such as Dr. J, Magic Johnson, and Larry Bird, to the continuity of today's superstars, this book has them all.There are some feats in professional basketball that you simply never forget, such as Jerry West's last minute heave from sixty feet out, or Willis Reed's comeback in the 1970 NBA Finals, or when Michael Jordan executed a flying dunk from the free-throw line, or when Anthony 'Spud' Webb won the slam dunk contest standing at 5'7". This book reviews those highlights in great detail, plus extra statistics that summarize the changes that have taken place over a century.

THE BEST BOOK OF THE YEAR!!!!!!!!!!!!!!!! NBA's Greatest by John Havlicek This book is about the greatest NBA players of all time. It is also about the greatest games. Also it tells about the best teams in the league. I think an interesting part is when Scotty Pippen told about Dirk Nowitski. Here are some words he said, `' He's definitely shown me a different dimension in the power forward game,'' said Pippen.''He's probably the only power forward that I've seen that can do the things he does being a 7 footer.'' I think that people who like basketball would like to read this book. Also if someone just wants to read about certain players in basketball , and he's a legend, this would be the book for them. Finally if you want to find out about the greatest moments in basketball look at this book. I would give this book a 10 out of 10 because it is a good book to read. An awesome basketball book. I just love it. Informs one about the best players ever in the NBA, from guys like Cousy, to Wilt, Jordan, to Ewing, and Duncan to Kidd. Also, shows the best NBA duels from Bird vs. Magic, to Iverson vs. Carter. Don't forget about the best teams ever assembled in the NBA like the 95'-96' Chicago Bulls. Then, read about the best guys to ever lead their team to glory . . . the coaches. Daly, Jackson, Auerbach, Wilekns, Riley . . . you can find them all here. And finally, catch up on the best momenets ever. Remember "Havlicek stole the ball" and the year Oscar Robertson AVERAGED a triple-double. Well, there all here in this book.Definitely a book that all basketball lovers should own.

I always enjoy reading what other Players have to say about Other Players through out time&also
