## Customer Reviews

I love this Lenormand deck. I preordered my set from US Games, and it arrived a few weeks ago. The artwork is gorgeous, and the cards are satisfyingly thick cardstock. The gilded edges add a touch of luxurious expansiveness to the deck.If you haven’t heard of Lenormand, it’s a set of thirty-six cards with images on each card, where each card corresponds to a card in an ordinary deck of cards. Lenormand decks, which have been around for centuries, arise out of an earlier card game called The Game of Hope. Lenormand isn’t Tarot, though you can use a Lenormand reading to complement a Tarot reading. I find Lenormand readings to be direct, even blunt, in comparison with Tarot readings. And you can come up to speed reading Lenormand cards pretty quickly, though, as with any skill, it takes time to master the subtleties. (For learning to understand and read the cards, I highly recommendÃ Â The Complete Lenormand Oracle Handbook: Reading the Language and Symbols of the Cards. That book really is complete, and gives exercises to help you learn the cards better.)For those already familiar with Lenormand decks, Gilded Reverie’s artist includes alternate cards for* 12 Birds -- the alternate is 12 Owls (often used as Birds in European

traditions)* 28 Gentleman -- the alternate is a sexier version of the Gentleman, with most of his shirt off his manly, muscled chest* 29 Lady -- the alternate is a sexier version of the Lady, with most of her blouse off, exposing one dainty breastSome reasons for the alternate Man and Lady are so readers can select the art they like, or that matches the readee, or to provide for same-sex relationship readings.The artist also includes the following eight additional cards:* 37 Time (time related to events, among other things)* 38 Bridges (connections, transitions, crossing a divide)* 39 Dice (luck by chance)* 40 Mask (the masks we wear; what we keep hidden from others)* 41 Well (wishes, resources, creativity, healing)* 42 Compass (indicates direction to take)* 43 Labyrinth (making your way through confusing events)* 44 Magnifying glass (take a closer look)If you are very traditional, you can of course use the base thirty-six cards and set aside the additions, but I encourage you to pull some cards using the full deck (minus the alternates). I've found the additional cards add quite a lot to the messages I get.
