Customer Reviews

I highly encourage all tarot enthusiasts to consider purchasing this deck for variety and added insight. -- Dawn Shainheit, CPTR

I own both the new and older versions of the Inner Child Cards. The older versions are far superior in production quality. The cardstock quality is super better and so is the gloss finish... uber durable.For the most part the LWB that comes with this deck is the same as the new version, there is one exception and I think the older version doesn’t include a spread found in the newer version.I do notice that the color of the older version is not as intense as the newer one, but it still a delightfully colorful deck.This deck is packed with deep psychological insight and still retains its prowess in prediction. I prefer the old deck as the LWB comes in a hardcover book which lasts longer than the newer paperback.Of course I’m a lover of these cards as I’ve bought 5 copies of this deck over time.. just in case they go out of print I will always have this deck by my side.

These are one of my most favorite cards I have ever owned. I have had them for about 20 years. Somewhere along the line Ilost the book that went with the cards. I tried ordering the book through the newage bookstore I worked but it was out of print. I looked at the used boostore in town, but nothing. My boss suggested , and that is the first time I ever ordered from . Its great. Have you ever had a book that you used so much that the pages actally wore out? is great

I always want another set of these extraordinary cards. When I get one, I keep it for awhile then gift it, and make someone..beyond 'happy'. These are creative, genius, and one of a kind. LOVE!

It arrived pretty fast and I live in Hawaii. It was well wrapped in brown paper but not boxed and the corners of the hard cover were slightly bent, but overall it was in excellent condition. I do not know if the bent corners were there before shipping or if it happened enroute. Suggestion: Box your books for mailing. Thank you, and I would do business with you again!

Great price and great condition! I am so happy with my purchase, it's probably the best item/price out of anything I've ordered on ÃƒÂ Ã Å¸Ã ËœÃ â !!!

Art work lovely but the cards are the largest I have ever seen, totally impossible to shuffle. Best way is to just smear em around on the table and pick some. Wish cards were smaller, gave 3 starts due their impractical size.

This was a great price for this book and cards set !!!! I'm blessed it's the whole set and I got it so cheap!! I'm really happy with this seller

Book is easy to read and understand. Cards are very colorful and easy to use, they are bigger then a normal size deck of cards.
