Synopsis

(Applause Books). More than 30 years ago Marty Di Bergi (played by director Rob Reiner) could not have known that as he introduced his "rockumentary" This Is Spinal Tap , he was creating a work of genius that would rock on for decades. Consistently cited as one of the funniest movies ever made (and often spoken about by rock stars as one of the most frightening movies they've ever seen), This Is Spinal Tap has achieved cult status around the world. Spinal Tap: The Big Black Book will bring to the public, for the very first time, the story of the band in words, pictures, and removable facsimile memorabilia. Turn your bookshelf up to 11 with this fully authorized publication...

Book Information

Hardcover: 128 pages

Publisher: Backbeat Books; Har/Pstr edition (July 1, 2017)

Customer Reviews

Wallace Fairfax is from Clitheroe, Lancaster. Wallace was not only the first British journalist to interview Spinal Tap after their triumphant first gig (as Spinal Tap) at London's Music Membrane in 1966, he was also the very first person to buy their debut album. In 1971, Spinal Tap invited Wallace to travel with them around the word to document their rise to the top. At somewhere around the middle, in 1972, Wallace left the rock'n'roll lifestyle behind for a "proper job" (his wife's words). Since then, Wallace has remained Spinal Tap's greatest friend, and fan, hence them asking him to write this book. --This text refers to an out of print or unavailable edition of this title.

SPINAL TAP: THE BIG BLACK BOOK , ("How much more black could it be?"), is exactly what you expect and hope it to be-which is FANTASTIC!It includes a complete discography and history of the

band. It includes close up looks at each individual member, including most of the drummers that are no longer with us.A bio and background information is provided on Marty Debergi, how he came to be turned on to the band, and became interested in making a documentary about them.It has a few tidbits too, such as-remember when David St. Hubbins was talking about the audio books that were read by celebrities of the same last name as the author of the books? The full list is here, such as: The Little Mermaid by Hans Christian Anderson as read by Pamela Anderson.Behind the scenes interviews with band members and an entire section on the horrible Jeanine Pettibone who took over as Tap's manager after Ian Faith left.Everything is here: "turn it up to 11", Sh*t Sandwich, the puppet show, "Hello Cleveland!", the Stonehenge monument in danger of being crushed by a dwarf, everything...it's all here.If you are a "Taphead" this book cannot fail to put a smile on your face. If you are not familiar with the band: buy this book and see the movie, and you soon will be!SPINAL TAP: THE BIG BLACK BOOK gets my highest recommendation!*Thank you to Edelweiss and to the publisher for the e-ARC of this book in exchange for my honest opinion. This is it!*
