Great introduction to George Washington for your little folks.

Bought as a gift for grandchild. Read thru it myself prior to giving it as present and can’t believe how much information is presented in such clear and easy statements.

Great, concise study aid for children. Simple, yet interesting stories to keep children fascinated while educating them and inspiring them to be great leaders.

This book on George Washington was exactly what we hoped for! Our 6 year old son is very interested in Presidential history and wanted to begin with the very first President. Our entire family enjoyed reading this book and we all learned new and interesting facts about the father of our great nation!

Good very clear writing for first graders
