With more than 63 million cookbooks sold since 1950,Ã Â Betty CrockerÃ Â is the name readers trust for reliable recipes and great ideas. For overÃ Â 75 years, Betty Crocker has provided advice to millions of Americans through cookbooks, magazines and television.

This book is great. It starts with tips for perfect cakes; information about cake pans; removing, frosting, storing and decorating cakes. Then it gives you many recipes for basic, one-layer, tube and loaf, and fancy layer cakes. Then it covers rolled, pudding, upside-down and Cheesecakes, along with party-decorated cakes. Last, but not least, there are recipes for tiny cakes of all shapes and sizes. This is a complete cookbook for cakes in my opinion.

this book was disappointing most of the cake recipes call for some unnamed brand of white or yellow cake mix and about one third of the book contains how to construct car and teddy bear shaped cakes. I was hoping this book contained recipes that were to be made from scratch, this was not the case. The pictures are nice and the instructions are easy to follow. however, the cakes were kind of "out there" and the fancier cakes call for boxed cake mix.....

Interesting recipes. Just wish so many of them did not require Betty Crocker cake mixes. I prefer making them from scratch. However, I was able to make a yummy peppermint cake by improvising a white cake and just adding the rest of the recipe as I went along.

Good basic book, it has recipes for box cakes which I would not use but I guess it gives you options. Nice pictures. It’s not a Rose Leavy Berembaum book, but if you already know how to bake from scratch, it gives you ideas for variations. Definitely not enough a book on technique, just recipes.

This cookbook is so much fun. I’ll never have time to bake even half of the cakes in here but, oh what fun to read all the recipes and look at all the pictures. For the price, this is a value.

Beautiful, professional pictures, step-by-step instructions, modern and creative designs. It was well packaged and shipped on time. Will recommend this book to people I know and strangers as well.

great book... Large with many recipes... I love this book.... U will not be sorry if u order this book... So many great recipes. Pictures are great.. It came in great shape and arrived on time.

I really like this book. It has recipes in it and also how to decorate the cakes. I have made a few of the cakes and so far the taste good and look great!
