Synopsis

Once upon a sunny day, the sky clouded over and the rain came down. The chickens squawked, the dog barked, the baby cried, the traffic snarled, the groceries fell, the people bickered and still, the rain came down. --This text refers to the Hardcover edition.

Book Information

Audible Audio Edition

Best Sellers Rank: #59 inÃ Â Books > Audible Audiobooks > Language Instruction > English #158 inÃ Â Books > Audible Audiobooks > Language Instruction > Other Languages #3807 inÃ Â Books > Reference > English as a Second Language

Customer Reviews

David Shannon has such a unique style. Sometimes his art can be very crude looking, but I actually liked the artwork in this book better than his No David! books. This book is great for teaching Cause and Effect or explaining chain reactions. You will laugh at all the crazy things that happen one after the other just because it all started raining.

Beautiful and vivid illustration create the growing excitement of cause and effect to sheer panic of an out of control situation. The Rain Came Down is a wonderful gem of a book where everyone is affected by the drenching rain. Cars stop, horns honk, food is not delivered, leaks ruin cakes, fights start, all because people are obsessing about the weather. Police come and while attempting to unravel the snarled mess, the sun arrives and rescues the mob of malcontents. Peace is restored and we learn that no matter how tumultuous our lives are, how out of control we feel, the sun WILL come out and you will get your life back. I love this book. David Shannon is a genius!

My son is in kindergarten and loves this book. It is heavily in rotation during our reading time.

Funny and interesting to see expressions and get questions from my 5 and 3 year old granddaughters. They both want the book read all the time.

I loved reading this book to my preschool students so I bought it for my granddaughter. Great book! Great condition. Fast shipping. Happy customer.

Great Book

My 2 year old came home from daycare a few months ago saying "Rain Down" and "Cat, Dog"...so I though he was saying "It's raining cats and dogs". Come to find out there's a car and dog in this book and it's is his favorite! I bought it for home and every time it rains (and then some) he wants to play it. It's very cute!

A wonderfully rendered children's picture book. The different points of view are surprising...and actually why I bought the book. The action is well tackled.
