Good for the price I suppose.LOVED that the stickers are vinyl (don’t recall reading that in the descript but I might have missed that). The pages are perfect for the stickers, just like the old school sticker books I had in the 80’s and can’t find any of LOL.DD got bored with it though because all it does have are bandaids to put on the characters. Would have been nice to have other first aid items to use like bandages, maybe a picture of a cast, some ointment, etc to really explain how we get hurt and how we can fix it. But no, just bandaids here.

My 2 1/2 yr old daughter loves band-aids and stickers, so this book is the perfect combination to keep her occupied when we’re standing in line somewhere, staying quiet in a meeting, or staying occupied at church. It’s smaller than I thought it’d be, but that’s ok since it fits in the diaper bag well. I absolutely love that the band-aid stickers are vinyl because I think "reusable" stickers are the biggest joke. (Vinyl clings are truly reusable!) There are plenty of band-aid stickers that come with the book, so you don’t have to worry about losing them. I agree with one reviewer that it’d be fun if they had vinyl stickers for antibiotic ointment and other first aid things (esp since the book describes

how to clean a wound using such products), but I guess keeping it simple keeps the cost down. I also wish that there were more pages with kids who have "boo-boos" because it doesn't take long to put band-aids on everyone. Plus, it'd be nice to have a "medicine cabinet" page to store all the unused band-aids. But really, these are minor complaints because this is a fun book to keep your preschooler occupied. Just realize the band-aid vinyls are small (and some are very small), so if your child likes to put things in his/her mouth, this book is not for you! (Definitely a choking hazard.)

I bought this book a long time ago for my little girl, then about 2 1/2. She loved putting the reusable stickers (like colorforms) on all the boo boos. Just recently she suddenly remembered it and went looking for it again! Had to search all over to find where it was buried...defintly worth every penny! Going to get another since some of the stickers are now missing of course!
